MR. RUSSELL ON SEED CORN.

The seed corn proposition in Lincoln county, like most Central Kentucky counties, is of serious and vital importance to every man, woman and child in the county. Not since 1854 have such conditions existed in this county. During that year there was practically no seed corn in the country, and the people were compelled to depend for their seed corn upon the old crop. Today, there is very little corn of the 1917 crop that is fit for seed, and the farmers are dependent for seed upon the 1916 crop and the supply coming from Southwestern Kentucky and Western Tennessee, where climatic conditions were more favorable and a large quantity of seed corn, showing a germination of from 90 to 100 per cent. is to be found. Not only is this favored section called upon to supply the deficit of seed corn to the farmers of Kentucky, but also to supply a large deficit throughout the northern corn belt, which has not one bushel of seed corn of the 1917 crop.

During my two weeks' stay in Lincoln county, working under the direction of the U. S. Department of Agriculture and State's Relations Service, I have made over 100 tests of corn. I have carefully examined and made calculations on sixty tests, and these run from 0 up to 90 per cent. making a general average of a fraction over 30 per cent. These tests convince me there is very little seed corn in this county, and it is now up to the farmers and those interested to get busy and make arrangements to secure their seed corn. Unless they do so, there will be a failure of the crop in this county. I am not trying to alarm the people, but I say most emphatically, that conditions, so far as I am able to learn, are deplorable in this section.

I have been delegated by the Federal Government and the State to aid you. There is not one penny of cost to you. The service is absolutely free. If you want seed corn, I can get it for you at actual cost. It costs \$5.25 a bushel, shelled and sacked, f. o. b. Hopkinsville. All corn handled by and through me is Government tested and has a guaranteed germination of from 90 to 100 per cent. Cash must accompany all orders.

If I can give you any information or assist you in any way, I am at your service, and this service is absolutely free.

Respectfully submitted,
FRANK LESLIE RUSSELL

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

Tonight! Clean Your Bowels and Stop Headache, Colds, and Sour Stomach.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

A Decatur, Ga., man offers \$1 rent for good hens with inclination to "sit."

Stanford Minister Thankful
"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do my work, and while I was down sick a lady from out of town sent me a bottle of Mayr's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. The Penny Drug Store; The Lincoln Pharmacy.

DENSLOW ON SPIRITUALISM

Wednesday night Mr. Denslow, who has been conducting meetings here during the past three weeks, spoke on the subject of Spiritualism. This study was very much appreciated by all. "Spiritualism," declared Mr. Denslow, "is a last day delusion. It is nothing short of the manifestation of the spirits of devils. It must be frankly admitted that all that is done at the seances can not be accounted for by slight of hand and so on. It is the working of an intelligent but unseen power. But this power is not the spirits of departed loved ones. The Bible plainly teaches that the dead know not anything neither have they any more a reward; for the memory of them is forgotten. Also their love, and their hatred, and their envy, is now perished; neither have they any more a portion for ever in anything that done under the sun—Ecc. 9:5-6. This scripture forever forbids the possibility of the dead returning to communicate with the living. However, the Bible does teach that the spirits of devils will go forth working miracles—Rev. 16:13-14. Thus we are compelled to attribute the miracle working power of Spiritualism to the spirits of devils. God does not stoop to carry on his work by peeping and muttering, rapping and tapping, table dancing and so on." Mr. Denslow will continue his meetings two weeks more, and during the next two weeks his studies will be taken from the Book of Revelation. His subject for Sunday is: "The Prophetic History of the Church." Before the opening of the service he will throw on the screen about twenty up-to-date war slides.

W. A. REYNOLDS LOSES MOTHER

Mr. W. A. Reynolds, the Junction City merchant and business man, had the misfortune to lose his mother, Mrs. Lucy E. Reynolds, whose death occurred at his home a few days ago. She was the widow of Robert Reynolds and was one of the best women in Boyle county. Funeral services were held at the Christian church at Junction City and a great throng gathered to pay their respects to the good woman. Besides the one mentioned above, Mrs. Reynolds leaves two sisters and four brothers: Mrs. Sallie D. Banks and Mrs. Mattie Judd, of Cane Valley, and Mr. Elsey Damron, of Columbia, Mr. Samuel Damron, of Mt. Salem, and Mr. George Damron and Mr. John Damron, of Oklahoma. The relatives have the deepest sympathy of all. The funeral service was conducted by Rev. J. Q. Montgomery.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful At Once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.

THE C. O. BOY SCOUTS

The Interior Journal felt it late in the mention of the Liberty Loan rally here Monday that Scout Master Raymond Skiles, of Crab Orchard, was here with his brigade of Boy Scouts and that his and their services were tendered the Liberty Loan committee. Like the organization here, the Crab Orchard boys are anxious to do something in these parlous war times.

RESTORE YOUR VITALITY WITH VIN HEPATICA

That listless, lay-like feeling you have at this time of the year is Nature's signal that you are all run down. Your vitality is lowered to the danger point. For months you have been eating heavy foods, living in closed rooms with scarcely any exercise. You have a bad cold now and then. The result is your system is all clogged up with poisons.

What you want to do, and at once, is to get a bottle of Vin Hepatica, the great vegetable prescription, and give your liver, kidneys and bowels a thorough, yet gentle, cleansing out of all these accumulated poisons, which lower your vitality and make your system an easy prey for diseases so prevalent this time of the year. Get Vin Hepatica from us. The Lincoln Pharmacy, Stanford.

CRAB ORCHARD

Mr. Joseph Payne visited his sister and brother this week.

Mrs. Sallie Pennington left a few days since for Colorado to be with Mr. and Mrs. E. O. Singleton for sometime.

Mr. James Edmiston went to Campbellsville in his new car—a Dodge—to visit Dr. Burgin's family last week.

Rev. Stout preached fine sermons at the Baptist church Saturday and Sunday, and is very much liked by all denominations. He contemplates moving here soon.

This cold weather is making the fruit trees look almost ashamed of their bloom, and the ladies don't like to be seen in spring hats.

Mrs. Sarah Brooks, of Atlanta, Ga., sent \$1.00 to the Ladies' Aid of the Christian church as an Easter reminder, and they thank her both for the offering and remembrance.

You are wanted and needed at the Christian church Sunday morning and evening. There will be something there for you that will help you thru the next two weeks. Come!

A true spirit of patriotism is being shown by the little boys in town, and we think it so commendable that the Interior Journal readers must know about them. They are known as the "Sailor Club" and their Captain is Edward Harris (McCarty), and the members are: Billy Pettus, Edward Harris, Walter Hunt, Henry Shelby Fish, James Carpenter, Albert Carpenter and Porter Jones.

These many little fellows are tending gardens and the whole force goes to a garden planting it and will work each garden as it needs it. The proceeds of each garden will be sent to the sailor boys as a donation from this club. Surely this looks good to older ones, and the best part of it is, it was not suggested by any but these boys themselves.

A clipping from an Atlanta, Ga., paper says the American Cross of Honor presented a gold cross to Dr. St. Joseph Graham for bravery in saving a crew of thirteen men who were lashed to the rigging of a ship which sank near Savannah harbor in 1893. Dr. Graham with one negro man, Peter Dodge were the only ones of a ship's crew who would venture out upon the stormy sea whose waves dashed the smoke-stacks of their craft and after three trips succeeded in saving the thirteen men.

For this act of bravery Dr. Graham was presented with a gold medal of honor, and the negro with a silver one, by both the United States and Canada, and now the gold cross has been presented to him for brave deeds. The only other one to receive this honor and distinction was Gen. Joffre, the hero of France. The many friends here of Dr. Graham will rejoice with him in this honor. As he was born in our city, Crab Orchard justly feels proud of him.

Just after the game between the Stanford High School ball team and the Danville Dummies Friday afternoon the Hustonville club tried conclusions with the eighth grade team of the school here and met defeat by a score of 8 to 6. THE LATEST WAR NEWS

Beginning a new drive far to the north of the Picardy battlefield, Field Marshal von Hindenburg is driving attack after attack against the British lines between Arras and Ypres, and the Germans, by terrific fighting, have succeeded in penetrating the British defenses at points over a front of nearly 30 miles to a depth of almost six miles just to the south of Ypres. Although the British admit the loss of Armentieres, the withdrawal of the British forces was only for the purpose of straightening out the line in the region where the German pressure is the heaviest. Wytchaele, it still held by Field Marshal Haig's men, who also stand firm on vital points along the line and against whom furious assaults have been launched only to break down or be nullified by British counter attacks.

American forces, marching since the anniversary of the entry of the United States into war, have arrived at a British salient. They will soon be put into battle alongside the hard-pressed allied forces. The British on the line from Ypres to La Bassée are feeling the full weight of German attack. Though wedges have been driven into their lines they have not been pierced at any point. North of Armentieres the British were forced to give ground.
